VERY IMPORTANT INFORMATION

PLEASE READ

With the recent incidents of vandalism a decision was made to re-key the building. Locks on all of the outside doors and the doors in the stairwells will be changed. This will take place around the 1st of April. We will be making new keys well in advance and distributing them to the residents of the building. If you do not receive a new key, you may pick it up from Joe Fisher starting March 21, 2005. Joe Fisher is in unit 503 and he may be reached at 272-8019.

The Association will provide each unit with 2 keys at no charge. Additional keys are available at \$5 per key.

If you are a landlord and rent your unit, **PLEASE** pass this on to your renters. We are trying to do everything we can to avoid people getting locked out once the building is re-keyed and need your cooperation.

Once again, we will distribute keys to as many residents as we can and make them available with Joe Fisher. After that, the keys will have to be picked up at Bonanza Realty during normal business hours.
